Subject: Sines v. Kessler: iDS Project Status Report (08.20.2020)

Hello Everyone:

Please find attached the project status report with currently updated information. There are many updates in this report as reflected in the highlighted sections (orange highlighting). As always, please take a look at your respective sections in the report and let us know if you have any questions.

Regards,
Ken

Collection Status
Account Reported Deleted; Email Account & Password Not Provided
Account Reported Deleted; Password Not Provided
Account Reported Disabled; Credentials Provided; Defendant provided archive of account
Account Reported Disabled; Defendant does not remember credentials
Account Reported Disabled; Defendant does not remember password
Account Reported Disabled; Email Account & Password Not Provided
Account Reported Disabled; iDS conducted search and confirmed account disabled
Account Reported Disabled; Password Not Provided
Account Reported Disabled; Password Not Provided; iDS attempted search and could not locate profile for defendant
Account Reported Disabled; Platform did not recognize credentials provided
Account Reported Disabled; Username & Password Not Provded; iDS attempted search and could not locate profile for defendant.
Account Reported Disabled; Username & Password Not Provided
Collection Completed
Coordinate collection with Defendant due to 2FA
In Progress
Pending Collection
Preparing documents for counsel review
Preparing documents to be searched
Ready for counsel's review

Search term report provided to counsel on 06/01/20
Waiting on Defendant to Ship Device(s)
Preparing documents for processing

Definition
Defendant listed that the account in question has been deleted and iDS was not provided the email account or password needed for account
Defendant listed that the account in question has been deleted and iDS only has the account username and not the password
Defendant listed that the account in question has been disabled and provided the login credentials for the account as well as an archive of the account.
Defendant listed that the account in question has been disabled and Defendant reported that he did not remember the credentials
Defendant listed that the account in question has been disabled and Defendant reported that he did not remember the password
Defendant listed that the account in question has been disabled and iDS was not provided the email account or password needed for account
Defendant listed that the account in question has been disabled and provided the login credentials for the account. iDS attempted collection and confirmed that the account has been disabled.
Defendant listed that the account in question has been disabled and iDS only has the account username and not the password
Defendant listed that the account in question has been disabled and iDS only has the account username and not the password. iDS attempted public search and could not locate account
Defendant listed that the account in question has been disabled and provided the login credentials for the account. iDS attempted collection and confirmed that the account has been disabled.
Defendant listed that the account in question has been disabled and iDS was not provided the username or password needed for account. iDS attempted public search and could not locate account
Defendant listed that the account in question has been disabled and iDS was not provided the username or password for account
Collection has been completed.
Due to two factor authentication, iDS needs to coordinate a quick call with Defendant to obtain required information at time of collection
Collection in progress
In queue for collection
Account has been collected, processed, searched, search report sent to counsel and approved, and now iDS is preparing documents for counsel review
iDS has performed the collection and the data is being prepared for search terms to be run against it
Account has been collected, processed, searched, search report sent to counsel and approved, and iDS has conducted training with counsel on using review platform

Account has been collected, processed, searched, search report sent to counsel and approved, and now iDS is waiting to hear from counsel if search terms are approved
iDS is waiting to receive the device(s)
Data has been collected and is being staged for processing
